

# Civil Quantity Surveyor

## About the role

This company is a well respected group of professionals specialising in Civil, Infrastructure and Subdivision projects in the Auckland construction industry. Proudly New Zealand owned, operated and managed, these guys have been around for a while and have built a business that keeps going from strength to strength. Now they are in need for a skilled and dedicated Intermediate Quantity Surveyor to join their team and help them keep performing on a superior level.

You will be;

- Providing assistance to the Operations Management team
- Improving & Developing System Policies
- Liaising with clients & the Operations Team
- General Administration duties

## **Skills and experience**

You will need to have;

- A minimum of 5 years experience in the Civil Construction Industry
- 3 years of estimation experience
- Degree qualified in Quantity Surveying or related industry qualification
- Excellent computer skill and proficiency with MS Office suite
- Excellent communication skills, both written and oral
- Outstanding customer service skills
- Ability to prioritise and be proactive in a fast paced environment
- Excellent analytical skills and a strong focus on attention to detail

## What you can expect

A market driven salary negotiated on the skills and experience you bring to the table. This is a great opportunity for someone looking to build on their career with a very rewarding company who like to up-skill and promote within their business.
